## First Responder Business Plan CD

- The County of San Diego Department of Environmental Health is the Certified Unified Program Agency for all of San Diego County.
- The CUPA programs are all administered by the Hazardous Materials Division (HMD).
- As CUPA, the Department must coordinate and distribute hazardous materials information to more than 50 Fire Departments and Fire Districts.
- The HMD is also part of the regional hazmat team, Hazardous Incident Response Team (HIRT).

## First Responder Business Plan CD

- Prior to 2001, HMD sent monthly paper updates to San Diego County Fire Departments and Districts.

400-500 First Responder Business Plan Reports each month

- These updates include the site information, chemical inventory, waste information, and emergency contacts.

- As Business Plan site maps were updated, the Fire Department also received a paper copy.

100-200 copies of updated site maps each month

## First Responder Business Plan CD

- In early 2001, HMD staff found a way to provide Fire Departments in San Diego County with an electronic version of the site, inventory, waste, & emergency contact information.

- This electronic version was a Microsoft Access database loaded onto a single CD. The CD is compatible with both Access 1997, 2000 and 2003 versions so all Fire Departments could use the information.

## First Responder Business Plan CD

### Recent Updates:

- Include the detail component listing for individual Hazardous Material.
- First Responder Report which can be viewed or printed. This report gives a summary of the hazards at the site along with site information and emergency contacts.
- The CD Zip file, and the un-zipped database are both password protected to prevent unauthorized persons from seeing confidential information.
